References and Recommended Resources for Implicit Bias
Module 2

1. **Project Implicit:**

Consider taking an Implicit Association Test on a specific area of interest.

Important disclaimer: In reporting to you results of any IAT test that you take, we will mention possible interpretations that have a basis in research done (at the University of Washington, University of Virginia, Harvard University, and Yale University) with these tests. However, these Universities, as well as the individual researchers who have contributed to this site, make no claim for the validity of these suggested interpretations. If you are unprepared to encounter interpretations that you might find objectionable, please do not proceed further. You may prefer to examine general information about the IAT before deciding whether or not to proceed. https://implicit.harvard.edu/implicit/selectatest.html

2. **Peanut Butter & Jelly Word Association (Biases)**
